The 1:1 Employee Engagement Specialists

Want better employee benefits engagement?
Here's how we can help

01. We call you

Our Booking Team will call you to specify the stores / office locations you want us to focus on. We book appointments directly with the site teams, you don't have to manage anything in-house.

02. Meet the BCs

One of our experienced Benefits Consultants (BC) arrives on site and gives a series of scheduled 20-minute 1:1 presentations to your employees. The first half focuses on the benefits you offer and how to get the most out of them. The second half is where we discuss our own comprehensive health insurance products. Just a conversation, no obligation, no hard sell!

03. Improve benefits uptake & engagement

Most benefits programmes fail due to poor uptake. Forget virtual presentations, our personal approach with face-to-face conversations get results. Simple and effective, one client reported an **186% increase in employee engagement** after implementing our programme.

04. Client testimonial

One of the biggest selling points for us was having the reps going into the stores. We've had really good feedback from our regional managers which has helped massively with engagement.

Rewards Team, Home Bargains

In one year, we visited 400 stores and did 9250 presentations
